

iSuite efficiency and assurance by the numbers*

Satisfaction with iOR

Staff **safety** | **93%**

93% reduction in consequential trips and falls were shown as result of an integrated OR with flexible equipment management systems

Increase **efficiency** | **11 min**

11 minutes on average reduction in room turnover time was achieved with effective room set-up

Staff **productivity** | **0.8 hrs**

0.8 man hours per case increased productivity by surgical staff with devices that are quickly and easily controlled

Satisfaction with staff safety in iOR

Optimize

Reduce the number of steps in the OR with control of devices from a centralized touch point. Access and bi-directionally communicate with other hospital systems.

Staff satisfaction

Increase surgical staff comfort and safety by delivering ergonomic, easy-to-use equipment in your OR.

Assurance

Stryker's iSuite has the potential to increase on-time first case starts, allowing your facility to operate at optimal metrics from the first case through the end of the day.
