

YOU'RE IN SAFE HANDS

Tetra Consulting provides independent safety risk consultancy and smart solutions to help you protect your most important assets: people, property and brand.

We are an independent property risk management consultancy that provides **Health and Safety, Fire, Asbestos, Water Hygiene and Training** services. Our clients also benefit from our cloud-based Property Risk Management Software, PRISM, enabling them to track all health, safety and compliance tasks, events and actions.

Our mission is to support and educate you and your company in safety risk management and compliance by providing informed solutions through our knowledge and client insights.

OUR SERVICES

ASBESTOS COMPLIANCE

UKAS-accredited since 2001, our asbestos team has decades of experience in undertaking asbestos management, refurbishment and demolition surveys, and organising re-inspection programmes.

Services include: Accredited Asbestos Management and R&D Surveys, Asbestos Re-inspections, Asbestos Project Management, Compliance Management, Asbestos Coordinator Role, and Asbestos Training.

FIRE SAFETY

We provide a comprehensive range of professional Fire Safety Services that help our clients to achieve exceptional fire safety standards in a practical and cost-effective way.

Services include: Fire Strategy, Types 1–4 Fire Risk Assessments, Fire Safety Management and Emergency Plans, Fire Evacuation Plans, Fire Door Surveys, and Fire Training.

WATER HYGIENE

We inspect and examine hundreds of buildings a year, and have accumulated a first-class water hygiene knowledge base. Whether you have cooling towers, domestic water systems or associated management systems, we have the relevant expertise.

Services include: Legionella Risk Assessment, Water Hygiene Monitoring, Water Sampling, Advice and Steering Committees, Crisis Management, and Pseudomonas Aeruginosa Risk Assessment.

HEALTH & SAFETY CONSULTANCY

Our team of qualified safety consultants have extensive experience in conducting safety reviews and risk assessments, producing H&S Management Systems and providing competent ongoing support.

Services include: H&S Risk Assessments, Food Hygiene Assessments, Working at Height Consultancy and Support, and general H&S Training.

TRAINING ACADEMY

We are a licensed, accredited and authorised IOSH provider of training courses. We also provide a variety of tailored in-house courses including Asbestos (UKATA-accredited), Working at Height, Fire, First Aid, Manual Handling, and City & Guilds Water Hygiene and Legionella.

WE ALSO PROVIDE:

- **Competent Support**
- **Building Safety Act Support**
- **Authorising Engineer Services** (Asbestos, Water Safety, Medical Gases & Confined Spaces)
- **Working at Height Services**

PRISM SOFTWARE

PRISM is our in-house Property Risk Management software, developed through client feedback to ensure it solves the challenges faced by anyone managing commercial and residential buildings. PRISM is accessible from anywhere, 24/7/365, enabling organisations to effectively track and manage all of the tasks, events and actions related to the daily management of residential and commercial property.
